1.0 Run the System Locally

There are only 2 steps to run it locally

1. Clone and download the project from GitHub link:
<https://github.com/Aqeel-Zeid/Zendaya>
2. Go to Zendaya/zendayas-backEnd/zendayaBackend/target and run jar file
3. Go to Zendaya/zendayas-FrontEnd/zendayas-front-end and run npm start

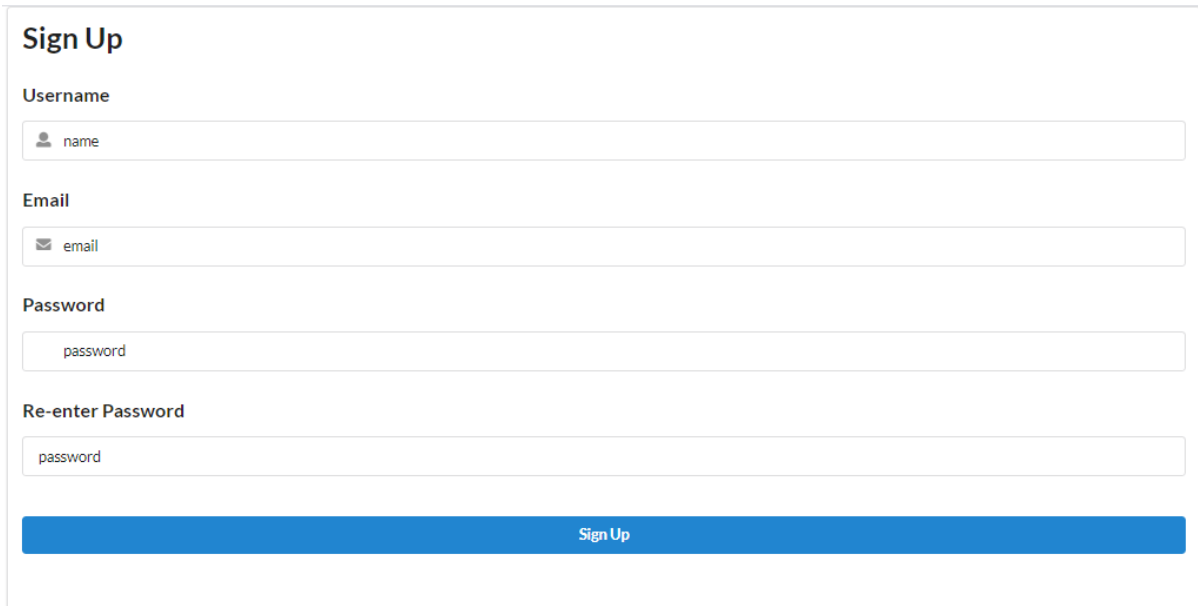

2.0 Run the system through the Link

2.1 System Link

Go to the link - <http://35.208.41.87:3000/>

2.2 User Guide for Customer

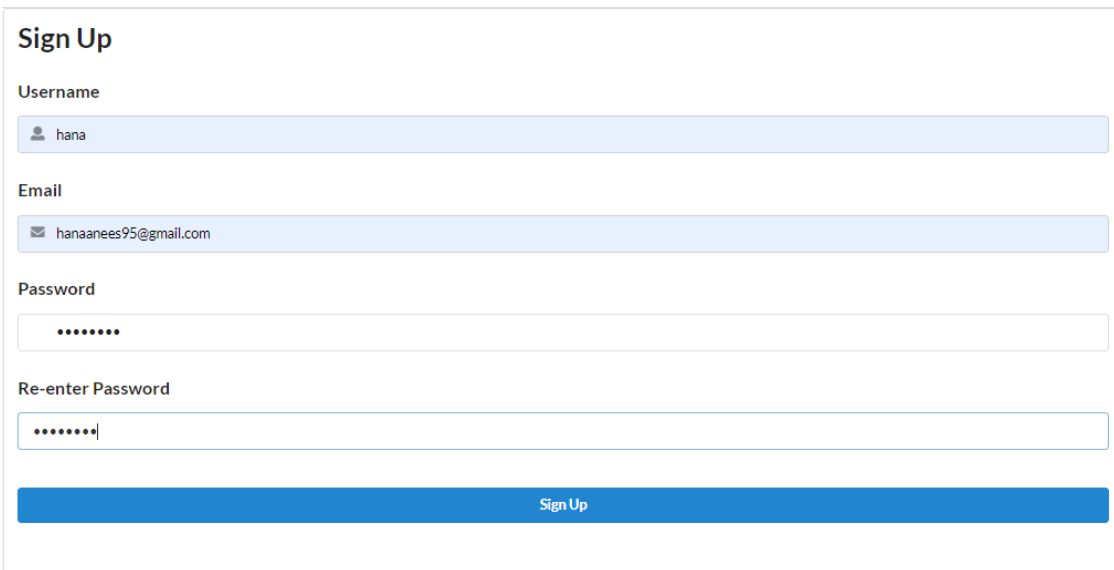

Customer should register to login.

The screenshot shows a 'Sign Up' form with the following fields: Username (placeholder: name), Email (placeholder: email), Password (placeholder: password), and Re-enter Password (placeholder: password). A blue 'Sign Up' button is at the bottom.

Figure 1 -Sign Up Page

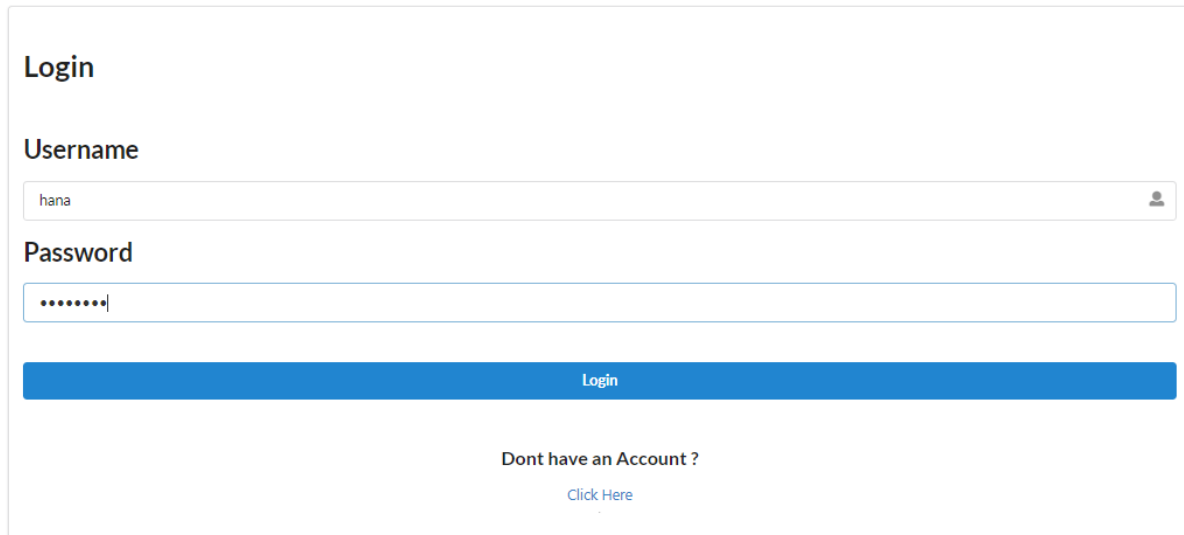

Fill the details

The screenshot shows the 'Sign Up' form with the following filled details: Username (hana), Email (hanaanees95@gmail.com), Password (seven dots), and Re-enter Password (seven dots). A blue 'Sign Up' button is at the bottom.

Figure 2 – Fill Customer Details

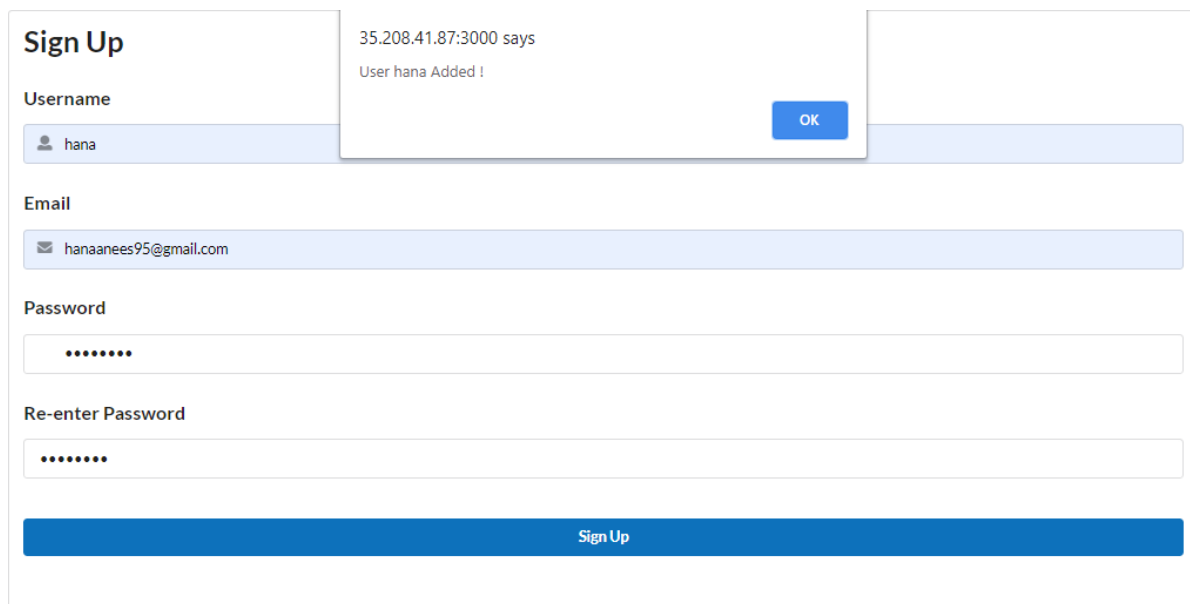

Customer can login after registering to the site or sign up in the first registration and go to customer home page

The login form is titled "Login". It contains two input fields: "Username" with the value "hana" and "Password" with masked characters ".....". Below the password field is a blue "Login" button. At the bottom, there is a link "Click Here" preceded by the text "Dont have an Account ?".

Figure 3 – Customer Login after the Registration

Confirmation of successful login

The sign up form is titled "Sign Up". It contains four input fields: "Username" (value: hana), "Email" (value: hanaanees95@gmail.com), "Password" (masked:), and "Re-enter Password" (masked:). A blue "Sign Up" button is at the bottom. A success message box is displayed over the form, showing the IP address "35.208.41.87:3000" and the message "User hana Added !", with an "OK" button.

Kids Autumn Sweater

3500 x 1 = LKR 3500

Kids Autumn Red Sweater

3650 x 1 = LKR 3650

Cancel ✕

Figure 11 - Checkout Page

You can just checkout without giving card details so your payment method will be taken as cash on delivery.

Giving wrong CVC details

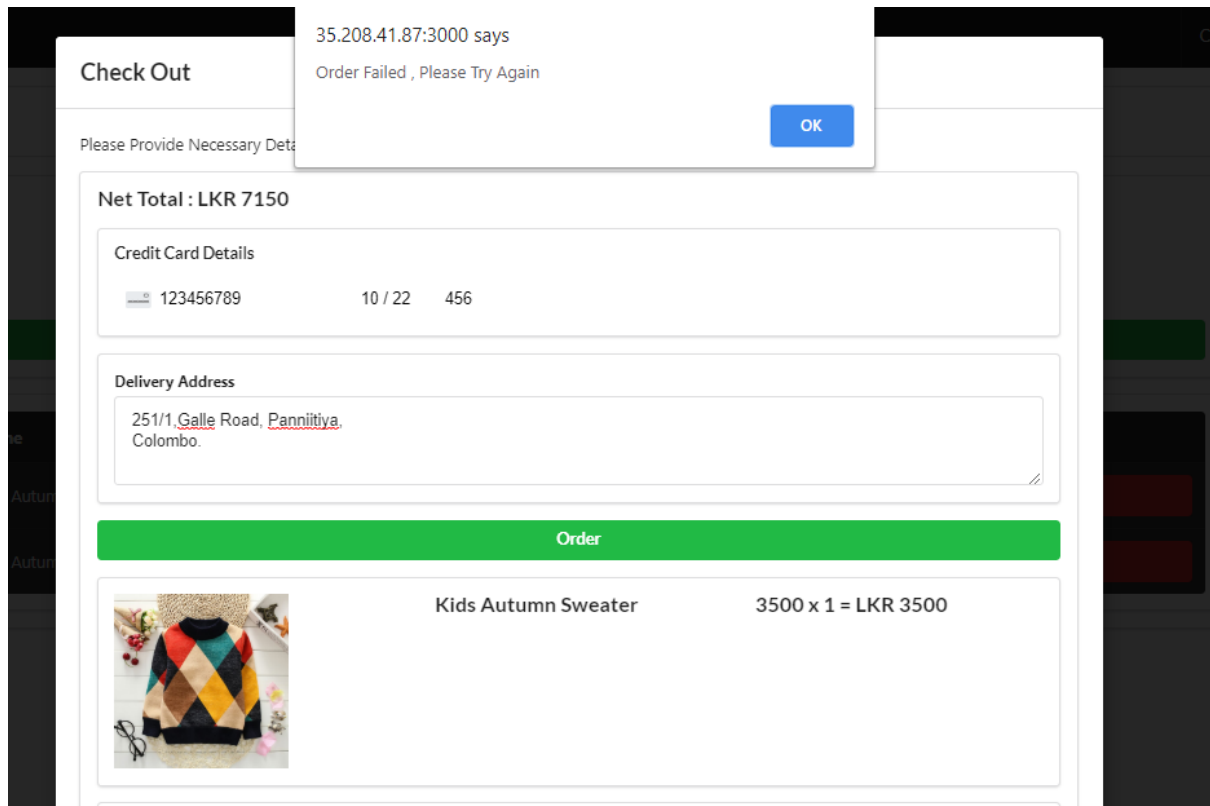

Figure 12 – Checkout Failed Status

It gives failed status since wrong CVC. This system works up to checkout with this stage.

Go to My Orders page to see the current order of a customer and the status after checking out. It will show the payment made status as well.

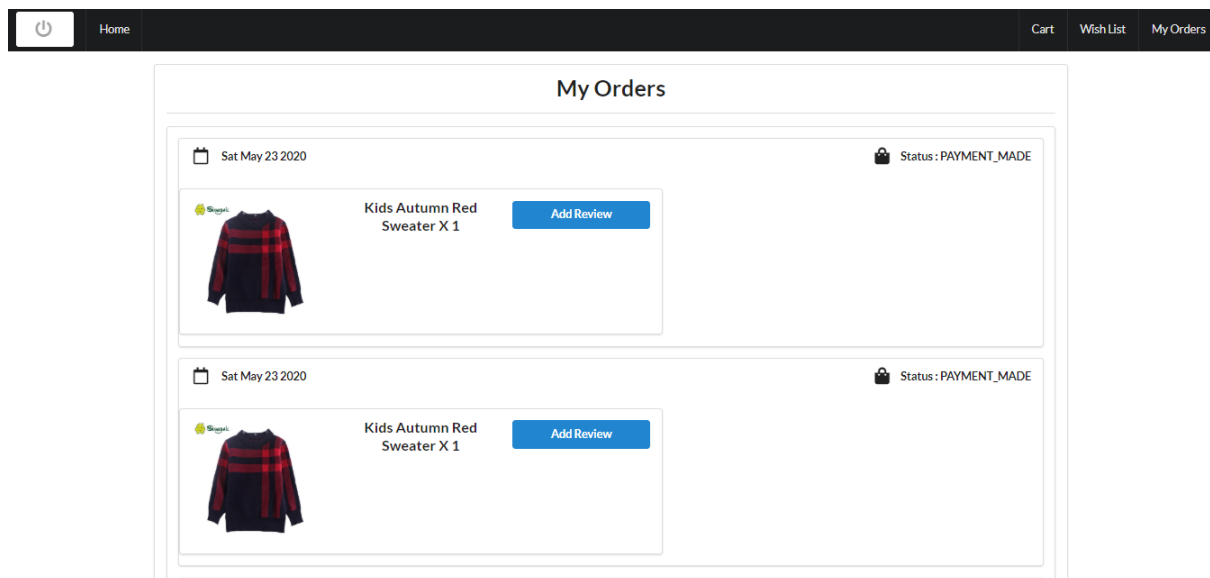

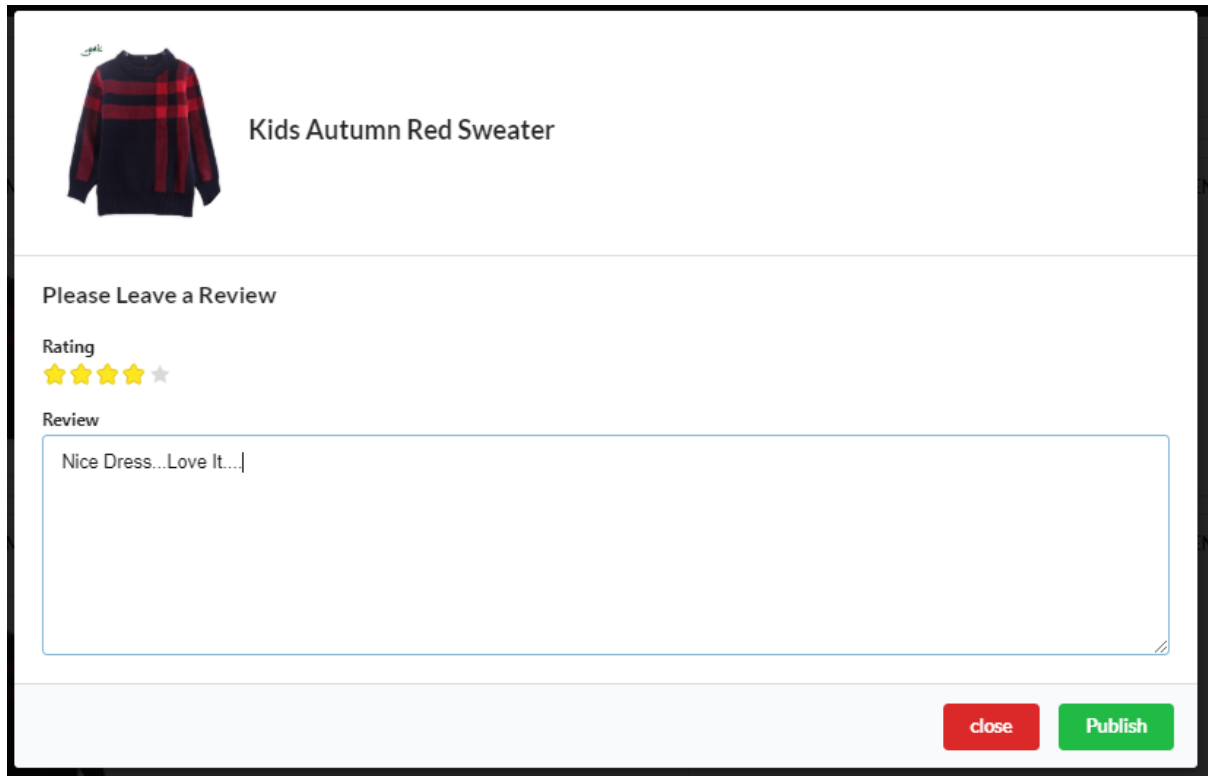

Figure 13 – Orders List of a Customer

Click Add Review to add feedbacks to the products

The screenshot shows a modal window for adding a review to a product. At the top left is an image of a red and black plaid sweater. To its right is the product name 'Kids Autumn Red Sweater'. Below the image, the text 'Please Leave a Review' is displayed. Underneath this is a 'Rating' section with five yellow stars; the first four are filled, and the fifth is empty. Below the stars is a 'Review' section with a text input field containing the text 'Nice Dress...Love It...'. At the bottom right of the modal are two buttons: a red 'close' button and a green 'Publish' button.

2.3 User Guide for Common Users

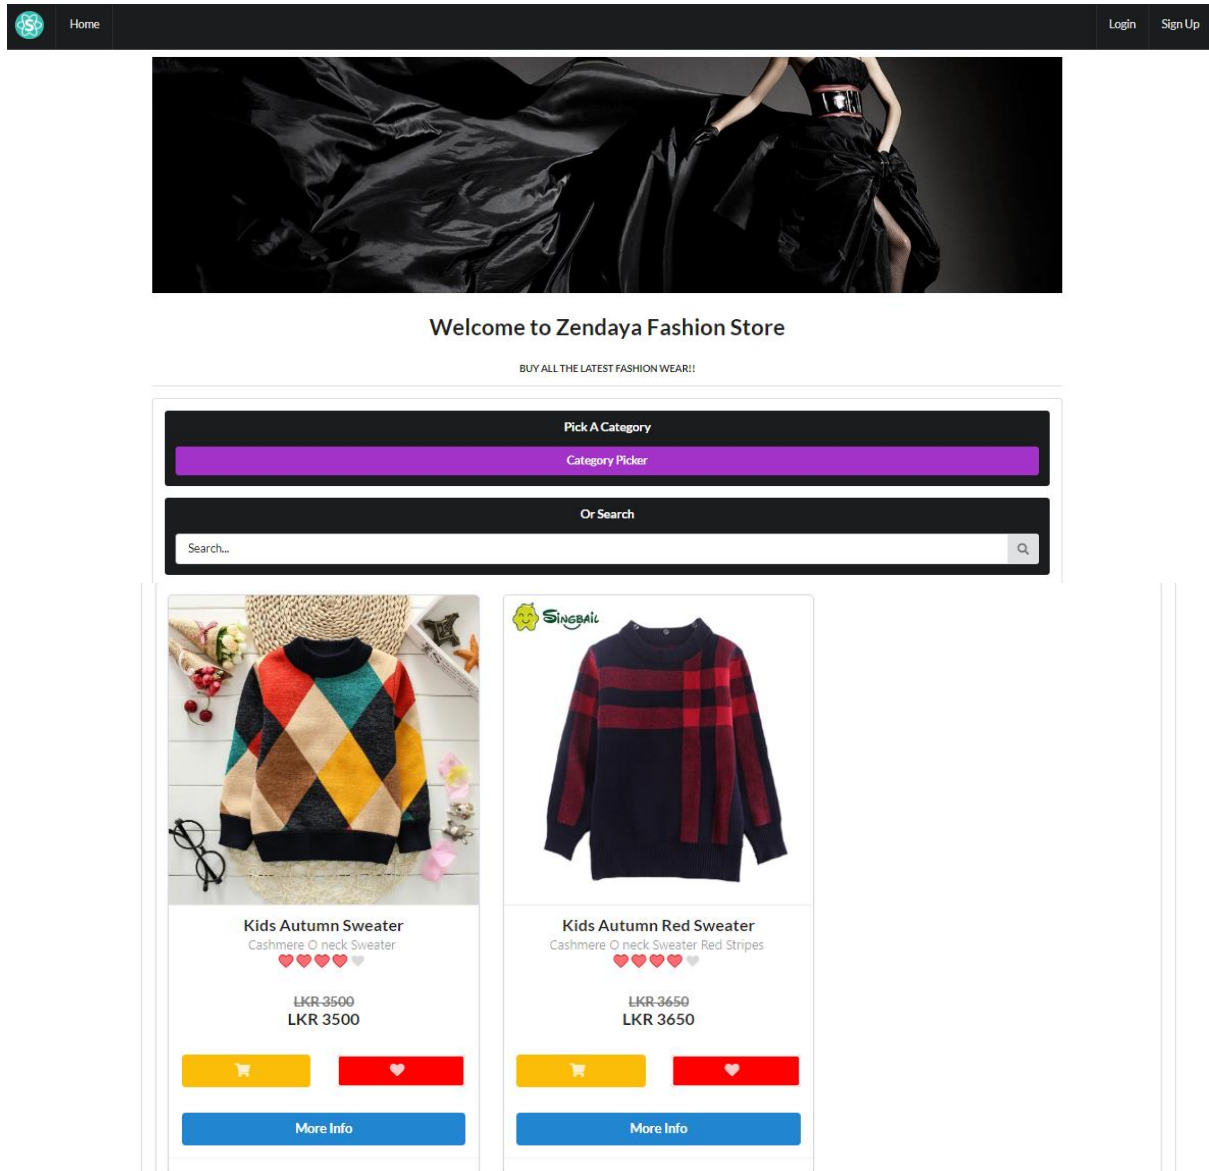

Figure 20 – Common Home Page

Press the Pick A Category Button

Then you can see the existing categories

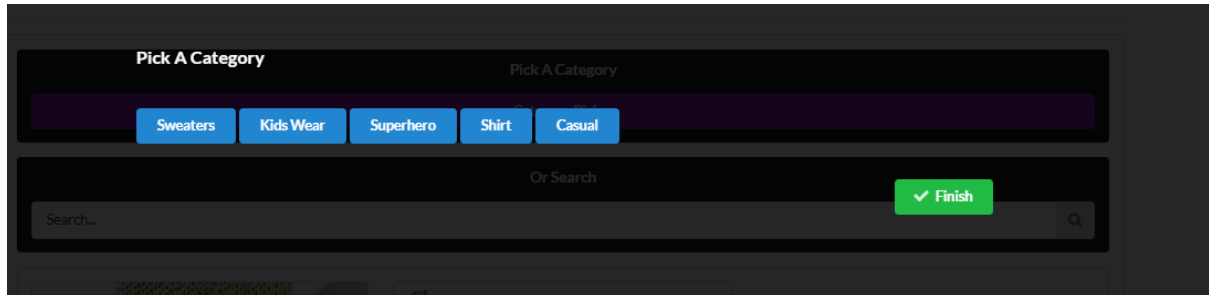

Figure 21 – Existing Categories of the System

Choose a category and click on that

If you choose Shirt Category then you can see the existing shirts

Figure 22 – Casual Shirt Product under Shirt Category

You can choose search bar to search for products

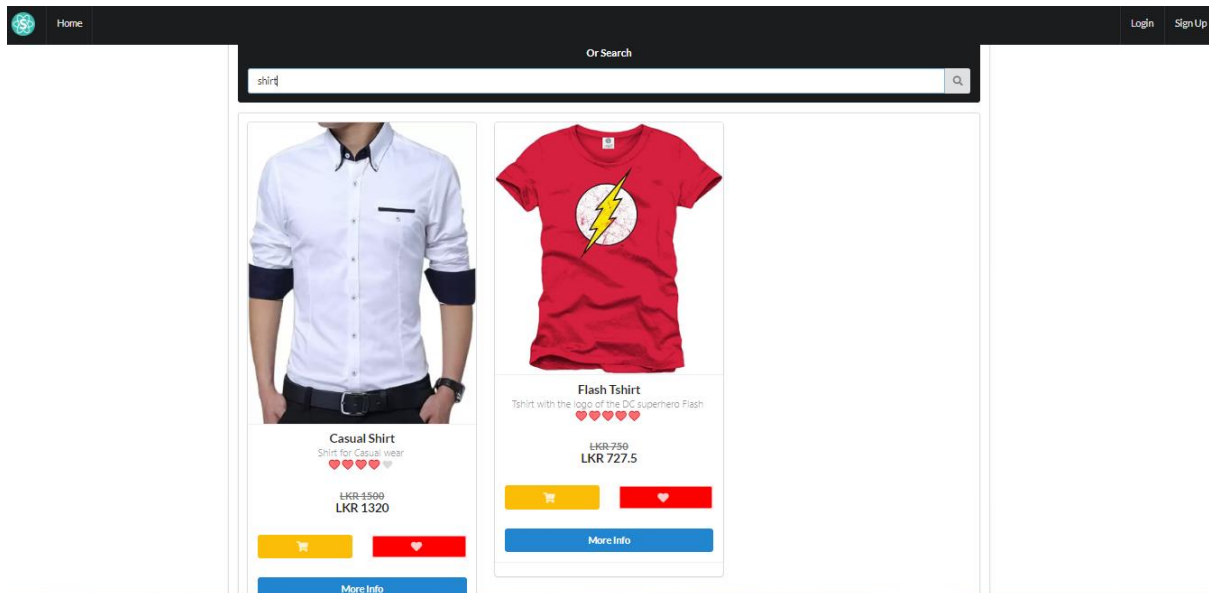

Figure 24 – Searching for Shirts

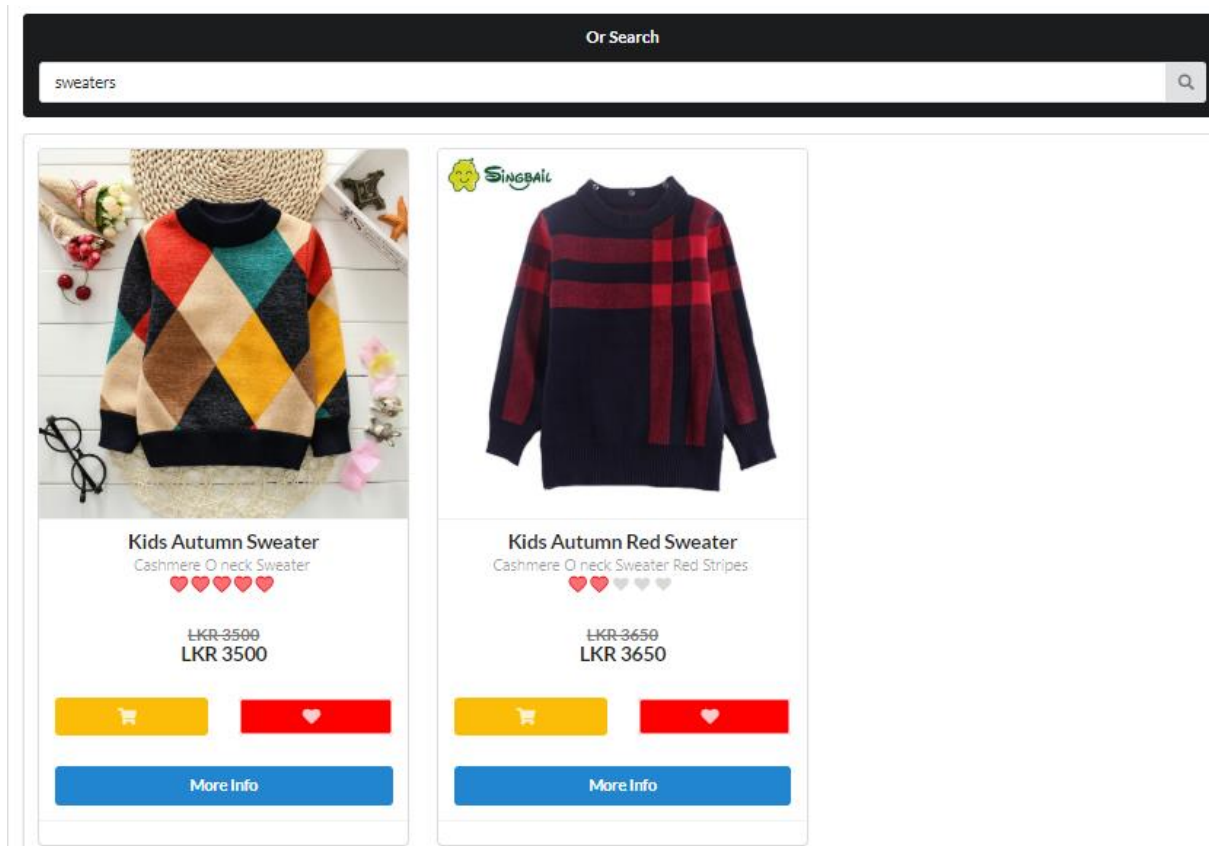

Figure 23 – Searching for Sweaters

Customers can see products that are having discounts also while viewing products

Registered users can login as customer using their credentials

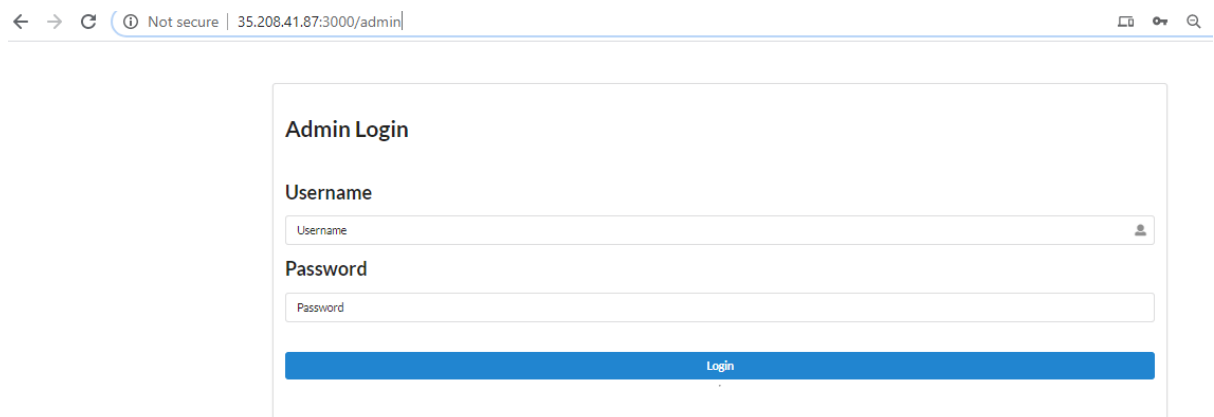

If customers want to login within the system then go to register page then register.

Registered customers can login to order products.

Admins and store managers can login through common admin login page.

2.4 User Guide for Admin

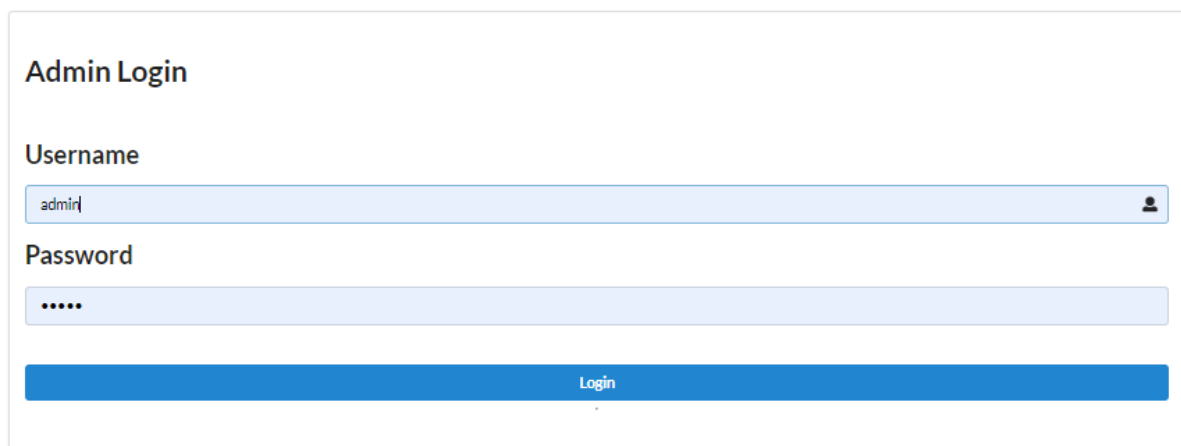

Admin should use Admin Login page to login as admin

The screenshot shows a web browser window with the address bar displaying "Not secure | 35.208.41.87:3000/admin". The page title is "Admin Login". It contains two input fields: "Username" and "Password". Below the "Password" field is a blue "Login" button. The "Username" field has a small user icon on the right, and the "Password" field has a small eye icon on the right.

Figure 25 – Admin Login

Adding details to the fields. Username: admin, Password: admin

The screenshot shows the same "Admin Login" page as Figure 25, but with the "Username" field containing the text "admin" and the "Password" field containing five dots. The blue "Login" button is still visible at the bottom.
